Experience

Freelance Designer

June 06 – Current

I work with Austinites on their branding, print, and web design + development needs. I enjoy face-to-face client interaction throughout the entire process from concept to production.

Pixeldust Interactive

May 08 – Jan 09

I worked here as a web designer, which entailed site maintenance and updates. Flash quickly became my niche, and I enjoyed making applications, banners, and full sites. *pixeldust.net*

The Ampersand Agency

July 07 – January 08

Marketing and advertising strategy. Responsibilities included upholding graphic standards for broadcasting agencies, concepting and implementing identity systems, and creating front-end web designs. *ampersandagency.com*

AIR Austin: web accessibility competition

September 07

I developed and coded a standards-compliant website for a non-profit, the Dionysium, as part of a volunteer team. Our team installed Wordpress on the site for easy user updates. *knowbility.org/air-austin*

Shoehorn Design

Spring 06

A print and branding firm. I brainstormed with co-workers and produced print ads for Dell, BestBuy, and Cap Metro. *shoehorndesign.com*

Kelley Toombs Design

Summer 02

KTD was a small firm where I interned helping with design production, illustration, and coffee making.
